

Button Creations

Children's Corner

We had a wonderful year learning with you! We hope you have a great summer and enjoy the time with your family. In the creative area last month, many of you explored how to make sculptures using a variety of materials. Look around your house and yard for more materials that you could use to make sculptures with and then follow the ideas below for family fun!

Creative Sculptures

You will need:

*Variety of materials you have at home (playdough, foil, buttons, natural materials, etc...)

Using the found materials, think of ways you can create sculptures with your family. Enjoy! 😊

Preschool Press

June 2016

Parents' Corner

As the school year comes to an end, the children will continue to have opportunities to create art. They will also have the opportunity to appreciate each other's creations during our upcoming art exhibit. We look forward to sharing this experience with the children.

Learning Objectives

- Participate in simple investigations
- Continue to develop an understanding of the roles of illustrators
- Learn to cooperate with others through games and other activities to develop knowledge of the rights of others
- Increase their understanding about basic economic concepts through pretend play

Reminders:

Please take a moment to look through our Lost and Found to check for missing items

A sincere thanks to all of our families for your support, generosity and participation this year!

We hope to see you at the school picnic 😊
